Tie a noose around my neck, and kick away the chair  
baby.

You've got me right where you need.

Cut the words you're about to wake when.

We've got you right where you always are (open up  
your eyes.)

Let me know.

Let me know.

Let me know.

Let me know.

Come on, cut the ropes.

Come on, cut the ropes.

Cut, cut the ropes. (ropes.)

Cut, cut the ropes.

Cut the ropes.

Cut the ropes.

Let me know, can't you let me know?

Let me know.

Let me know.

Try to promise, promise everything, try the words so  
we can break,

Promise promise everything.

Eggs are so that I can weep.

Promise promise everything, so I can believe in what  
you say.

Promise promise everything, eggs are so that I can't  
leave.

Just wont you let me know then?

Just wont you just let me see?

Just wont you let me know, Dad? (just what can you  
want me to see? I can't see this.)

Just wont you just let me see? (until I leave.)

Tireless, dispite us. Just playin this, WHAT?

Let me know. (why wont you?)

Let me know.

Let me know. (Promise promise everything, try the  
words so we can break, )  
Let me know.(Promise promise everything, try the air so  
we can leave! )
