I've got a question
Did you think that we would ever believe you?
And I've been out of rejection
The line you walk is getting thin, so thin

Your green eyes are potent
And last night I know who you were with
And you're a snake in the grass
And always that has been

Go back home now and go back to sleep
And we'll say, go back with someone else who
Who wants you more than me

Just one more question
Why do you throw your words around town
Like they answer nobody's questions?
All ears, your chase comes out at night
Oh, while the whistles cry, we're supposed to drop like
flies

Go back home now and go back to sleep
And we'll say, go back with someone else who
Who wants you more than me

Was it something I said, something I did
That made you destroy all we built?
And it was something you said, something you did
That made me think that you were real

Go back home now and go back to sleep
And we'll say, go back with someone else who
Who wants you more than
Who wants you more than me

Go back home now, go back to sleep
And go back with anything
'Cause I know you'll think of me

Go back home now, go back to sleep
Go back with anything
'Cause I know you'll think of me

Go back home now, go back to sleep
And we'll say
