[Intro] (tunes...) (4x) yo, you know life's about stories,
one man told me... we all got one drop... (tunes...) (4x)
uh you know what it is it's the tones baby (we get it)
(tunes...) (4x) check this out... [Verse 1] yo, you gotta
guy going down the street, cuz he gotta go but who
knows if he'll make going 90 down the road he's
swirving... to the left... and to the right... passing up
these people like, a thief rook in the night just
happened to look at him, when he passed me on by his
look said lost, but that search was in his eye he looked
a little older, maybe pushing 40 i didn't see no malt
liquor, but i seen a story the ending, no one knows and
always to the second but what i seen just had to be
enough to give a blessing if you don't make a move,
you only waste your time forever is a long time, don't
take long to find in his case he was old, know he's
gotta goal his younger years have disappeared, bunch
was on a roll but slangin' rocks and licking knots was
tiring to his soul the benz that he just copped, wasn't
enough to make him whole [chorus] searching,
searching for you... (tunes...) (4x) searching, searching
for you... (3x) (tunes...) (4x) searching, searching for
you... (i don't have nothing for you) [Verse 2] yeah
there once was a man, plushed in his hand was his
gun, he was lost like dust in the sand though he sold
death, to his customers hand he could hold his breath,
god touch him again once in a plan, blueberry moon
twice in a lifetime, three times to soon four more years
more fears more tears five lives left no peers all
despair so hopeless, he survive mo' death he sleep so
long, but he got no rest could he take six steps back
into time he could figure out what he lacked in his life
but he took too long, his son turned seven running in
his fathers' flames, hard to see heaven now he's back
where he's still, with his best to this metal realizing for
much less, he would settle... searching... [chorus]
searching, searching for you... (tunes...) (4x)
searching, searching for you... (3x) (tunes...) (4x)
searching, searching for you... (i don't have nothing for
you) (tunes...) (4x) (tunes...) (4x)
