[Verse One] Attention all America! Here we come  
Without fear it's the, UMC's RNS kick the, reply to the  
man who said we couldn't do it {"Oooh, yeah!"} Well  
we started like slow, see Before I was able to give  
blows of three My man Tone couldn't get shows for me  
But that's alright cause we're here now; we're here now  
From the first to the last of the elements included I'ma  
flip it wiser, meaning with the prudent Recollection of  
my naan lawyer brother and kids Here's an example of  
what smotherin did I was supposed to supposed to end  
up Without a harvest but the crew spore finally of  
natural cause of course Now when you hear the name  
U man, ask yourself who can duck a traitor kind of fast  
and easily? Flush all the haters in the path that seems  
to be Not another in this dimension I'm on the third  
y'all, and I'd like to mention [Chorus: repeat 2X] "Hey  
hey hey" "Here we go, here we go" [Verse Two] Okay I  
huff and puff, confirmin Kim is rough You try that  
puffin stuff, hell I had enough Sometimes I've come  
and gone I hear my old adversaries and they're singin  
my song Hey-a hi-a hey-a hey I wish and pray they'd  
stay, stay the hell away Away away, dead upon the  
shores of the Staten Cause of cause of Kim, that first  
started rappin A new style, a true style, a style of the  
new year They, diss me too but now they sweat me  
anew I flow with Hasim Kwan I'm gonna flip kung-fu  
And flip my style and start to flow Tang-Wu Little boy  
blue come blow my horn You had a chance to beat out  
but now your chance is gone True you knew me when I  
wasn't all that But you dissed me in fact, behind my  
back So now my mark is set and I'm set to attack I flow  
the facts, and here's the exact [Chorus] - 2X  
{\*scratched break: "too bad"\*} [Verse Three] I took a  
punch from school and got an easy diploma All the  
boys and girls said "Kim your life is over" Even my lady  
girl held her part Said I was a zero and it broke my  
heart Cunnin are the actions of the few who dissed the  
U (Try to blow us over with the compliments) Too many  
complications have arisen from the fact that you  
thought Kim was whack, way way back But now ain't  
then and things ain't always what they seem Yeah, I

know what you mean Like push, push, in the bush It's a  
free-for-all says that girl from where? Free for all the  
full, members of the U Dear you never came around  
where we were in fact Now that we're live and the stage  
is the scene Song generated to its greatest potential I  
think back to 1989 "You can't rhyme~!" Get the gills  
you little slime Slug you get on out cause {"I don't love  
you"} I got one for that What was the moral of this fat  
episode? Doubt me, I'm not the one I'm not the one, I'm  
not the one for that No I'm not, oh no I'm not [Chorus] -  
2X
