It could be a Sunday or a Thursday night, yeah
Doesn't matter to me
Cause every day and night of the week is another
opportunity for
Me to be out with my friends
..you know we get in
All the.. and the fun comes up
And we're ready and oh
I love the fact that
That anything goes
The sky is the limit, when you're with me, you know!
Anything I want I get it, and it's just to know the perk of
living

Chorus:
Like all the socialite
Out of the clouds, out of the clouds
Paparazzi are mine tonight
Can't get enough, can't get enough
Got all the girls with me always...
And the party don't start
until I ride, until I arrive

I just don't do this for fun, it's a lifestyle
Exactly from here to Milan, travelling in style
VIP all the way, nothing has worked for me
And it's just how I fish when you're living in awe
I love the fact that, that everything goes
The sky is the limit, when you're with me, you know!
Oh, anything I want I get it, and it's just to know the
perk of living

Chorus:
Like all the socialite
Out of the clouds, out of the clouds
Paparazzi are mine tonight
Can't get enough, can't get enough
Got all the girls with me always...
And the party don't start
until I ride, until I arrive

SOCIALITE that's what I am
And everybody wish they could be me!
You see me on the pages of .. weekly
Red carpet shopping sprees
Broadway and fashion week, paparazzi can't resist me!
Oh, oh I love the fact that
That everything goes
The sky is the limit, when you're with me, you know!
Anything I want I get it, and it's just a.. with me

Chorus:

Like all the socialite
Out of the clouds, out of the clouds
Paparazzi are mine tonight
Can't get enough, can't get enough
Got all the girls with me always...
And the party don't start
until I ride, until I arrive
