Oh, I like to go out in the rain  
September rain  
I'm thinking about  
Before I forget the things that I said

Oh, the shops are all closed  
The city is a ghost  
The streets are all empty now  
I'm thinking about  
Figuring out all I forget to say

You and I, you and I  
Together we can touch the sky, touch the sky  
You and I, you and I  
Together we can touch the sky, touch the sky

Oh, did I say something wrong or left unsaid  
All alone  
The words that you want to hear  
Oh, I knew you would go  
But I think you should know  
Still carry your picture round

Old lovers and friends  
And those I can't stand  
They've all found their way  
I, I cannot see where I will be  
In a couple of years from now

You and I, you and I  
Together we can touch the sky, touch the sky  
You and I, you and I  
Together we can touch the sky, touch the sky  
You and I, you and I  
Together we can touch the sky, touch the sky  
You and I, you and I  
Together we can touch the sky, touch the sky

Oh, I like to go out in the rain  
September rain  
I'm thinking about

Figuring out  
All I forget to say  
All I forget to say

Yeah

You and I, you and I  
Together we can touch the sky, touch the sky  
You and I, you and I  
Together we can touch the sky, touch the sky

Yeah oh yeah yeah oh oh yeah
