Drop your drink get on the floor  
Baby all the good times are here for sure  
You say your life is such a bore  
You will never know until you get some more  
We'll make it tonight....

Money don't mean a thing to me  
The pills are cheap and fun's for free  
Get your back up off the wall  
Shake it and show me what you're living for  
We'll make it tonight...

You gotta get it together now  
You gotta let me show you how  
You gotta set your smile on fire  
You gotta set your smile on fire

Drop your drink get on the floor  
Baby all the good times are here for sure  
Don't say life is such a bore  
Shake it and show me what you're living for  
We'll make it tonight...

You gotta get it together now  
You gotta let me show you how  
You gotta set your smile on fire  
You gotta set your smile on fire

Don't worry 'bout a thing  
'Cause everything that happens tonight  
Is gonna stay here tonight  
That's allright

Can't think of nothing else  
Losing our bad luck tonight  
We're gonna leave that shit behind  
That's allright!

You gotta get it together now  
You gotta let me show you how  
You gotta set your smile on fire

You gotta set your smile on fire  
You gotta get it together now  
You gotta let me show you how  
You gotta set your smile on fire  
You gotta set your smile on fire
