### "Stay Awake"

When it's late at night  
Feeling not quite right  
Don't let it slip away again

And please do not forget  
The things under your bed  
And you'll make a move

And stay awake  
Won't you stay awake

Shadows on your wall  
Think you've seen them all  
Don't let it slip away again

And as it starts to rain  
Things don't seem the same  
And you'll make a move

And stay awake  
Won't you stay awake

Never close your eyes now  
Always be aware now  
Dream your dreams forever  
Dream your dreams forever (3x)

Never close your eyes now  
Always be aware now
