She's the girl with the jewel eyes  
And she knows just what their worth  
She walks around like she owns this town  
But it's not okay, it's not okay

I know she's got it, I know she's got it  
But it makes me angry, makes me angry  
To see her like that  
And it's not okay, it's not okay at all

She's got it made, she's got it made  
I'm telling the story about the girl that lost her mind

Gucci dress and her head's alright  
She's sex and the city personified  
She's on the guest list every single night  
But it's not okay, it's not okay

I know she's got it, I know she's got it  
But it makes me angry, makes me angry  
To see her like that  
And it's not okay, it's not okay at all

She's got it made, she's got it made  
I'm telling the story about the girl that lost her mind  
She's got it made, she's got it made  
I'm telling the story about the girl that lost her mind

She used to be just like me  
Now she's lonely, now she's lonely  
She used to see her friends every time she got the  
chance  
She used to be so cool  
She thinks she's got it made,  
But her life's a masquerade oh oh  
Where's the girl I used to know?

She's got it made, she's got it made  
I'm telling the story about the girl that lost her mind  
She's got it made, she's got it made  
I'm telling the story about the girl that lost her mind

She lost her mind!
