I'll hold you everytime that you want to
everytime that you feel down,
So just wipe your tears away

oh oh, i'll be everywhere that you want me
everywhere that you'll take me
and get lost without a trace

so, just get up, stand up, move on,
i've got something to say
cause your light sure shines on me
I hope you will see

yeah you talk, you keep talking for hours
about bumblebees, about flowers
and I hope you're gonna stay

oh oh sometimes, baby you know that sometimes
we all feel a bit up-tight
and get lost without a trace

so, just get up, stand up, move on,
i've got something to say
cause your light sure shines on me
I hope you will see

that you're always on the run
to a place where you belong

If you need another reason
If you need an other place to stay
we will go

so, just get up, stand up, move on,
i've got something to say
cause your light sure shines on me
I hope you will see

so, just get up, stand up, move on,
i've got something to say
cause your light sure shines on me

I hope you will see

yeah, yeah, yeah, yeah, yeah, yeahhhh
