Gonna walk right up to him  
Tell him just how I feel within  
Though he may not like the things I say  
When I'm through, I'm sure he'll see things my way  
I've been blue for oh so long  
Ever since he did me wrong  
Wo wo wo

(Think of the times) when you said you'd call  
But if you remembered, you never called at all  
You always had the perfect alibi  
When you all the time you were telling a lie  
But I loved you so much I just didn't care  
All I wanted was your love to share  
Wo wo wo

(x4):  
(Shoo-wop-bop)

As I think of the times in the past  
I can clearly see why our love didn't last  
You never did what you wanted to receive  
So for your selfishness my heart still grieves  
But there's one thing I'm sure you know  
Before the end, you're gonna reap what you sow  
Wo wo wo

Little boy now, (think of the times) when you made me  
cry  
(Think of the times) when you told me those lies  
(Think of the times) when you made me so blue  
Just want you to know it's gonna happen to you  
...& fade
