I don't wanna hear
I don't wanna know
If you go any further
My head will just explode

I know behind my back
You're talking all this crap
You better make it stop
'Cause it's making me mad

Why everyday you come by my house
When I don't believe a word that comes out of your mouth

You're so full of it
You're so full of it
You're so full of it

I know we've been through school
I know we shared some friends
But that doesn't mean I like you
So why do you pretend

Is it cause of this girl
Cause what did I do wrong
I can't help that she's into me
More just like your mom

Why in my face you are the nicest dude
But when I turn around I'm not more then the crap on your shoe

You're so full of it
You're so full of it
Full of it

You're so full of it
You're so full of it
You're so full of it

You're so full of it
You're so full of it
You're so full of it

You're so full of shit
