It's not the walk, it's the road  
It's not the climb, it's the toll  
It's not the fallen, it's the brave  
It's not the sigh but the crave

You were the fire, I was the rain  
You swore a vow and now you break it

Separated  
Separated

It's not what clouds but what fades  
It's not the spite, it's the hate  
It's not our doom, it's our fate  
It's not the catch, it's the bait

You swore a vow and now you break it  
I'm down with love vut I now hate it

Separated  
Separated  
Separated

It's the water, not the wave  
It's the light, not the shade  
It's the load, not the weight  
It's moments, not the days

You swore a vow and now you break it  
I'm down with love but I now hate it

Separated  
Separated  
Separated

But I now hate it

Separated

Separated

Separated

You swore a vow and now you break it

I'm down with love but I now hate it

Separated

Separated

Separated
