After hours of deep thoughts
I came to the conclusion
you're just not meant to be with me
every time is a mistake, you leave

suffering under my smile
I'd be better off alone for a while
crying to myself

'Cause I don't belong here
you're so different from me
Well, I want to be with you
but you make it so hard

and don't try to hold hold my hand
and don't try to understand
don't tell your lies
I know them all, by now

You say you love me
then do you love her less than this?
No, I can tell by those I-love-you kisses
you give her in front of me

and I don't want this any more than you do
and I don't want you to say
that it's all gonna be okay

'Cause I don't belong here
you're so different from me
Well, I want to be with you
but you make it so hard

and don't try to hold my hand
and don't try to understand
don't tell your lies
I know them all, by know

'Cause I, I don't belong here
you're so different from me
Well, I want to be with you

but you make it so hard

and don't try to hold my hand
and don't try to understand
don't tell your lies
we've been over this, a hundred times

you...
