Album: no saggy tips!

Once upon a time  
In a place lots like this  
Lived a lady who's special  
Who we're all bound to miss

She's finally made her way through it  
There's nothing left here for her now  
And she's off to her college  
She's bound to make it somehow

Because she's beautiful  
Has talent up the wazzoo  
And if you ever need something  
She'll always be there for you

She touches everyone  
She leaves her mark  
And though she is gone away  
She'll stay in our hearts

Katie/Kathy  
There's so much I want to say  
I want to tell you how much you mean to me  
Before you go on your way

When you feel weary and you're longing for home  
There's no need to fear because you're never alone  
We'll always be there for you like you've been there for  
us  
And if you ever need us we can hop on a bus  
And go visit Kathy

It's not once upon a time  
In fact it's happening right now Katie's heading off
