There's a king-size bed that ain't been slept in  
Dinner on the tabel; it's sitting there cold again  
The front porch light just gave up and burned out  
Here you are looking like something the cat drug in  
With a worn out story 'bout where you've been  
Sweet little words comin' out of your mouth

#### CHROUS

You ain't gonna lie, lie here anymore  
You ain't gonna break this heart  
Baby, like you did before  
You're a silver tongued devil that had me believin'  
Every promise you were bound to break  
But you ain't gettin' back through this door  
You don't lie here anymore

You can beg and plead, say that you're innocent  
That you don't know where the time went  
But that trace of perfume is a smokin' gun  
So you can turn right around  
Go back to where you've just been  
Take a look at all you'll be missin'  
'Cause you won't be here when the mornin' comes

#### CHORUS

You ain't gonna lie, lie here anymore  
You ain't gonna break this heart  
Baby, like you did before  
You're a silver tongued devil that had me believin'  
Every promise you were bound to break  
But you ain't gettin' back through this door  
You don't lie here anymore

Hey, yeah

You're a silver tongued devil that had me believin'  
Every promise you were bound to break  
But you ain't gettin' back through this door  
You don't lie here anymore  
You don't lie here anymore  
You don't lie here anymore
