The world is just a great big onion  
And hate and fear are the spices  
That make you cry, oh baby  
And the only way to get rid  
Of this great big onion  
Is to plant love seeds

Until it dies  
Hey world  
We got a great big job to do  
Yeah, we need you  
And everybody to pull us through  
Oh don't you know  
We got to clean up this place  
And reach for a higher goal, yeah  
Yes we do now  
We gotta be headstrong  
About rightin' the wrong  
And make a lot more happy souls  
Oh baby

Oh the world is just a great big onion  
And I don't care  
Is the face people like to wear, oh baby  
Yes it is now  
And the only way to get rid  
Of this great big onion  
Every single soul's  
Got to do their share  
Tell'em 'bout it, baby, uh huh

So come on  
And let's knock on every door  
Tell'em love is the answer  
Whether they're rich or they're poor, oh yeah

Now we don't care what you do  
How you look or your status claim, baby  
No no, because brothers and sisters  
From now on  
Is gonna be everybody's name, oh

Now everybody  
Got to plant love seeds  
Until it dies

The world is just a great big onion
