Intro

PatO Plus

The Kingdom of God

Coming down are you all ready

Emma Ends

Many times I like to move the way Jesus moved

Many times I like to pray the way Jesus prayed

Many times I like to do the things Jesus did

Many times I like to do the things Jesus taught us to do

But then I fail - aah

Chorus

But the Kingdom Reality is coming to you now

Kingdom Reality x3

PatO Plus

Now the voice in the desert is calling, its warning,  
you're falling

The Kingdom of God is at hand

Don't just blend but repent

So straighten up your path or you're lost

You think you got it all so yo boast

Hold on before you toast

The last days bad days, the final battle waits

Lets see what Jesus says

Am the way the truth and life

You got me you got life

So we be chilling out together in Heaven

Chorus

But the Kingdom Reality is coming to you now

Kingdom Reality

Kingdom Reality (echo) x3

Emma Ends

The Kingdom of God is at hand be ready

Its time to move on go on be strong

In the Lord our God

The devil is defeated, we've got the power

At the last hour, the Word is ours

I spread the good news from the Lord as a witness

I 've been delivered from the dark to the light

I love the Lord

Things work together for good for those who love the Lord

Put your trust in God in all your time of prayer

Heaven is the place to be when your heart is ready

Chorus

The Kingdom Reality is coming to you now

Kingdom Reality

Kingdom Reality (echo) x3

Emma Ends

Raising the leaders for the Kingdom of God now

Knowing then truth from the bottom of your heart

Waiting upon our God whom we serve we love whom we praise

Its gonna be a party in the house tonite

Can I get a witness in the house tonite

Can I get a hand clap in the house

Can I get a big shout in the house tonite

Praising laughing in the house tonite
