Verse 2

Pata, Æf'Æ, Æ

Now the God I rely on one from Zion

The one who gives the one who takes the one who was
forever be the one who is

The one who saves what's yo case bring yo face

If He trusts u to lead us don't cheat us make sure u
lead like Jesus coz

Without yo people u don't exist got no sit got no feast

If u want food on yo table gotta make good become yo
table

Oppress not the feeble

Corruption deception the kindo thing to end

Salvation to all nations God had ma Jesus sent

Lets all repent coz on God we all depend

Just know that wealth is worthless on the days of wrath
when ma God is back

That devilish deceit ya u know it'll defeat ya

Chorus

Verse 3

Am back again like never before

Against the leaders who try to lie us cheat us

Is it becoz the moni?

Now am takin u back takin u back to Christ whom u

But as Christ rules He be judge accordingly

Leme drop da mic n let Christ be ma guide x2

Story behind this song:

The World is changing, sadly things are not improving but worsening; in leadership there is corruption, then the media promotes pornography and gossip and the end is hypocrisy. As Witnesses for Christ we can't just watch. We had to do something. Hence, like some leaders
