[Chorus:]

I'm going...

Slow motion is the verb

Slow motion is the verb

We're moving out to right side to side

Slow motion is the verb

Slow motion is the verb

I'm gone

So you know when I'll get home

We're gonna make that bed rock

... got me twisted like a dreadlock

Twisting to that... music

It's gonna make your head pop

I'm here with my dogs

And if you... we'll let that... pop

I'm drunk but I got my people with me

Same niggers that... with me

That 45 I keep it with me

Everything is moving slow

You see that purple spider?

It's just a purple wee

I'm on the crib tonight

I'm moving nasty

I'm moving left to right

And it ain't hard to see

That I'm feeling right

So niggers pass the weed

[Chorus]

You got me banging

Swaging

All over the... slow mo'

... from the dip

And the pain too sweet

I never see them get a red light

And I go slow motion

When I'm in the top head

I never see the heads up  
I go post the postman  
I got... connects the way spa  
And I'm sitting on a pint  
So you know I say roll them on the...

[Chorus]

You see that purple spider?  
It's just a purple wee  
I'm on the crib tonight  
I'm moving nasty  
I'm moving left to right  
And it ain't hard to see  
That I'm feeling right  
So niggers pass the weed

[Chorus]
