[D-Gotti]

Off top, I came from the block  
I came with a glock, so don't get body rocked  
Got it hot yes sir, blowing on the best sir  
And your girl on my thang, cause I beat it up on the  
dresser  
Mitchell & Ness sir, man I'm throwback  
On this dro from Afghan', trying to get blow back  
True mack's wrecking I, sex with dime sexes  
Guys spitting flows hitting hoes, this is what we

(let em know), do your dirty work and don't leave clues

[A3]

I kick in the do', said it before  
Piece around my neck, colder than a block of snow  
Got my hand on my grain, a playa like to swang  
I'ma do the damn thang, cause I'm thoed in the game  
Choo-choo where the train, I don't know but I'm the  
tanker  
All day everyday, gotta keep it gangsta  
Pull up to the club, on some oversized dubs  
Got purple marinated, moving like a slug  
I'm a playa, holding it down a heavyweighter  
Where my hustlers if you hear me, all across the  
equator then

[Hook]

Roll up the dro, po' up the fo'  
Calling all my thug niggaz, time to hit the flo' let em  
know  
If you thugging, and you all about your do'  
(let em know), if you playa and you ain't tripping on no  
hoe  
(let em know), if you hood and you represent it good  
(let em know), if you real make the point understood

[D-Reck]

I'm gon let them boys know, when I step up in the do'  
I done valeted the car, and now it's all systems go  
There go D-Reck, see he CEO  
The streets show respect, cause they see he know  
How to get that do', how to whip that snow  
How to ship that dro, grip the calico  
Let's get this shit right, we gon burn all night  
We gon thug it in the club, till they turn on the lights  
If you love it man say it, tell the DJ man play it  
All my Dirty 3rd gangstas, go on wreck it and display it  
let's

[Hook]

Roll up the dro, po' up the fo'  
Calling all my thug niggaz, time to hit the flo' let em  
know  
You fetch your feddy, by any means necessary  
(let em know), it's cash first all else is secondary  
(let em know), just scream if you bout cream like Ben &  
Jerry  
(let em know), you trying to make it quick fast and in a  
hurry

[Dirty \$]

Life's a hundred yard dash, until away from the block

Waiting for the starting gun to pop, then the first is that  
shot  
As long as my cash quat, any season it drop  
Boys wanna hate, give him a reason when I hide the top  
I make em stop drop and roll, swanging elbows  
Crawling down candy, creature feature's exposed  
On that Southside, we slide down and swang wide  
And I'm thoed gripping grain, sitting on that buck hide  
When I glide down, I'm just another gutter guy  
Looking fly on that butter, so I guess I'm butterfly now

[Hook]

Roll up the dro, po' up the fo'  
Calling all my thug niggaz, time to hit the flo' let em  
know  
We thoed swanging, bounce and turn  
(let em know), with a big muddy cup and a ounce to  
burn  
(let em know), we thoed swanging bounce and turn  
(let em know), with a big muddy cup and a ounce to  
burn

(\*outro\*)

We thoed, swanging bounce and turn  
With a big muddy cup, and a ounce to burn - 2x  
We thoed, let em know
