Hook:

F-ck couches, I'm standing on houses (houses)  
I Turn the club into my motherf-cking office (office)  
I got them fly hoes coming of blouses  
And middlefingers up to who ever doubt this!  
I'm getting that dough, go hard money  
Yeah, go hard money.  
I'm getting that dough, go hard money  
Yeah, go hard money.  
Go hard money.

Turn the lights off, can we go hard  
Show without a flow?  
Bottles by the bar, models is by the car  
American Express, ? to the deafs  
I'm all about my money bitch,  
I'm married to success.  
Hundred carats on my neck, and none them would be  
better  
Tell Debbie she left them.  
Girls, we gonna arrest them, hit them  
Split them, maybe forget them  
Never love them, fuck 'em, tuck 'em  
Won't catch me with 'em.  
Do some for the catch, hundred cash for the princess  
Double? couple year for the lenses.  
Tell 'em I make clean, pass for the chains  
And a? all mens, like is married to the fees.  
Me, Terry yo I ball fag  
You beez under the sleevez make the dog tag  
And I squeeze this debt? get your dog tag.  
Picture one in this motherf-cker.
