

Young Chris "Intro To Success"

Visit "[Intro To Success](#)" on MotoLyrics.com

Young Chris... C! B-Wonder. Gunna... They say you only as good as your last shit, so you know what kind of pressure that leave me. But we dont fold nigga, we expose niggas. Yeah, now or never

Victim of stagnated, had to transform to reality
more gross to that salary
more hope to that poverty livin
black gifted and given
who the nigga that the game been missin? C!
He'll resist it followed where they restrict it. things that
get us addicted later get us convicted
Bars will change and who they all blame? just take the
loss while yall gain? NEVER THAT
All this starvin and the pain I dun suffered for years,
you'd think these mother fuckers would care
but its a cold cold world in that life, what you feds
might think it is
Far from the painless still tuckin the stainlesses
I remain this gangsta they cant tame this
Young rich and famous a BEAST is out to claim this
Young nigga fit right up in that vanquish
Tell them niggas hit the deck duck when I aim this
(Blahw)
(Rockafella recods, GIF! niggas, straight outta
Nicer town, North Philadelphia, murder rate is
outrageous. These young niggas aint got no sense of
direction, no guidance, no ma, no pops, all we know is
the mother fuckin block. Told em its now or never,
speed of mayweather noone can do it better)
We take it back to that auto war what should i call these
whores? Niggas call me for war but not to go on tour.
You give me one good reason I should go all 4...
Besides my daughter you just hold on yours (Cianni!)
Niggas fillin up the whole jet, I'm wakin up to cold
sweats
Brand new full fever O-Tech Oh Yes
Back to the projects show em who the coldest
Show em who could flow best pro-meth some more
sess
They be hatin me blatently, they aint breakin me(not at

all) yall shakin' me

They aint takin me alive, bet everybody die, more
bodies than days back in the 215! just here to do my
job

They'll bring us here right through the logs, and shoot
it out nigga till they demise

In order to survive stay alive I'm hoping you niggas ride
(ride) or be a victim in that sky (bye)

Young Chris is young black and gifted

Twist to get lifted

this trip, nigga hittin harder than hit stick

Who gon be the first on my shit list? x2

The 2nd of Young C, ballin like Adam Morrison

Who wanna fuck around? make me embarrass all of
em

I come to put it down, niggas is shaken up

Who want beef? come on, I love to cook it up

Call me master C the way i hook it up

Definition of a young G, look it up

And still i got some unfinished business on top of that,
bird got a lifetime sentence...

But once i get to ventin niggas know how i send em

Niggas from the mob lynch em, cant prevent em

Bring his death quicker like he got cancer in em. Got a
block-syndrome. God try to repent him. Lord forgive
him

And still i got it tucked in the denim you should hear
the way it whistle got a kick that will spin em like (Blahw
blahw blahw)

When you hear that(Blahw blahw blahw)

Hope niggas aint near that

Be aware that hope niggas is wearin that

Cuz i just bought a brand new extended and I'm sharin
that

Yall fearin that, Yall scared of that

Everybody run for cover when he's airin that!

And yeah I still fuck wit the Prop, and just one of the
few that ended up on the ROC

Had the brother from another ended up on the block

My goal is to end it up on the top

I'm a fighter like Floyd May, respect my G, check my
forte.

Nigga the more money the more yay.

And yall bitch niggas can get it broad day, Roc-a-bye
BITCH like that whore say.

Thought you new jacks woulda knew that

Young nigga starvin where that food at? Got the
momentum I CAN'T lose that

Told you da kid would get his groove back

Guess whos back bringin that coupe back

GUNNA! The hunger never left people. GIFI Sky's the limit!

This time around baby (Young C...GUNNA) back in my Tough Luv mode. Ya nigga started this, lets get this thing started! (I'ma finish it)

It's now or never. It's a solo album but it's still the Gunnaz nigga... Gunnaz is forever. It's on our arm.
