Out on the highway  
Just about a mile away  
Meet me out in the driveway  
I'm gonna be there soon

I'll swing by and pick you up  
Don't bother gettin' fixed up  
Me and you in this old truck  
We'll find somethin' to do

No, I ain't got no plan in mind  
It's such a perfect night  
So I just thought  
That we could go get lost

Lost down some old back road  
Lost in a song on the radio  
Lost in your deep blue eyes  
I don't care if we spend all night

Lost by the river 'cross the town  
Find somewhere near to nowhere  
It's my favorite thing to do  
What you say, girl, me and you  
Go get a little lost?

Come on, baby, let's go  
When we get there we'll know  
No bars on the cell phone  
Sounds good to me

We can find us a place to park  
By the water underneath the stars  
And do a little fishin' in the dark  
If you know what I mean

Well, all we need's a tank of gas  
So grab that GPS  
And turn it off  
And let's go get lost

Lost down some old back road

Lost in a song on the radio  
Lost in your deep blue eyes  
I don't care if we spend all night

Lost by the river 'cross the town  
Find somewhere near to nowhere  
It's my favorite thing to do  
What you say, girl, me and you  
Go get a little lost?

No, I ain't got no plan in mind  
It's such a perfect night  
So I just thought  
That we could get

Lost down some old back road  
Lost in a song on the radio  
Lost in your deep blue eyes  
I don't care if we spend all night

Lost by the river 'cross the town  
Find somewhere near to nowhere  
It's my favorite thing to do  
What you say, girl, me and you  
Go get a little lost?
