"Just Let Me Breathe"

Open your eyes
And turn off your mind
Step right folks and you will find
A growing trend
An epidemic
Spread with zen
And hypodermics
Just close your mind
You can find all you need with your eyes
The big machines take care of you
Until you kill yourself
And then the sales go through the roof
Calculated, formulated
Feed my head with simple thoughts
And let me breathe instead of being taught
All bottled up and tearing at the seams
I'm bored
Just let me breathe
A daily dose of eMpTyV
Will flush your mind right down the drain
Shannon Hoon and Kurt Cobain

Make yourself a household name
Just close your mind
You can find all you need with your eyes
The big machines take care of you
Until you kill yourself
And then the sales go through the roof
Calculated, formulated
Feed my head with simple thoughts
And let me breathe instead of being taught
All bottled up and tearing at the seams
I'm bored
Just let me breathe
Strike up your best angst ridden posture
Manufactured anger
Let's not forget my legacy
All my heroes have failed me
Now they're dead and buried
Just close your mind
You can find all you need with your eyes
The big machines take care of you
Until the fashion fades
And the checks go through
My bankroll's red
And my face is blue
And still they'll turn your backs on you for

Someone new

Feed my head

With some real thoughts

And let me think instead

Of being taught

I'll say things you won't believe

Just stand back

Just let me breathe.....

Lyrics by Mike Portnoy
