push a little bit louder, yeah
push a little bit stronger
push a little bit harder, yeah
push a little bit faster
push a little bit louder, yeah
push a little bit stronger
push a little bit harder, yeah
push a little bit faster

spin, turn, roll around
DJ got style and I like his vibe
high tunes, I like 'em low
Miss Monroe is ready fo' sho
high school was for you
music control was my only goal
save my soul now, Mr. Lord
Ania be ready to dig some gold

pump it up and pump it in
pump it up and pump it do
pump it up and pump it in
pump it up and pump it do

Push (x4)

scratch, burn, it's a turn
show 'em some love and I'll give you some
don't be timid, go and give it
look how she did it
lost or win it
spin, turn, roll around
DJ got style and I like his vibe
ah, yes, like this mess
everybody wanna stick around I guess

push a little bit louder, yeah
push a little bit stronger
push a little bit harder, yeah
push a little bit faster
push a little bit louder, yeah
push a little bit stronger

push a little bit harder, yeah
push a little bit faster

ah, yes, like this mess
everybody wanna stick around I guess

push a little bit louder, yeah
push a little bit stronger
push a little bit harder, yeah
push a little bit faster
push a little bit louder, yeah
push a little bit stronger
push a little bit harder, yeah
push a little bit faster

somebody help me..

pump it up and pump it in
pump it up and pump it do
pump it up and pump it in
pump it up and pump-
