I'm full of joy
And I write the world to this song
Cause I'm still aware what my life was like before I met
you baby
I pray you will stay my guardian angel like you've
always dose
That's why I sing this song to you

Baby let me love you
I just want the world to know you're beautiful
I could never let go everything you do to me is
beautiful
There's nobody else that can come next to close

All I needed to shine for someone like you to believe in
me
You made me stand so tall I guess you have built me
up with confidence
Oh baby know all that one who knows how to bring out
the best in me
That way that you do

Baby let me love you
I just want the world to know you're beautiful
I could never let go everything you do to me is
beautiful
There's nobody else that can come next to close

This is the chance of a lifetime
To make my dreams come true
I'm gonna take it with both hands
Anything you want me to do
Baby you'll tell me how you want it

And let me love you
I just want the world to know you're beautiful
I could never let go everything you do to me is
beautiful
There's nobody else that can come next to close

Oh baby, beautiful

Oh, all the things you do to me is so
Is so beautifulâ€¦
