You used to be so beautiful
You used to call me my one and only
We used to share hopes and dreams
We used to make every plan together
One look at the way things going now
Seems we're slowly drifted apart

Baby
You don't really have to say
Baby deep inside I can feel something wrong
This is not how it was meant to be
Baby you and I we have come to a crossroad
Where do we go from here?

I'm not gonna seat here and cry, no
I'm not gonna feel sorry for my self
Just gonna pick up the pieces
Maybe the time has come for me to move on
When one door closes for me
Another is waiting to open

Baby
You don't really have to say, oh no
Baby deep inside I can feel something wrong
This is not how it was meant to be
Baby you and I we have come to a crossroad
Where do we go from here?

I really think the time has come for me
To face reality
What's the point of our relationship
When you don't get no time to see each other

Baby
You don't really have to say
Baby deep inside I can feel something wrong
This is not how it was meant to be
Baby you and I we have come to a crossroad
Where do we go from here?

I can feel it

Shall we turn left, shall we turn right
Both straight ahead both in the reversal track
Hey, where do we go from here
Tell me, tell me baby

You don't have to say it, no I can feel it
Deep sown, seep sown in my soul
