Here we are, so close
But you're so far
And long to be where you are
So don't you stray while I'm away baby
Don't do the things I will not do
You know I miss your love
Each time we go away

You should know it's true
I only have eyes for you
You should know it's true
I only have eyes for you

You set me free
To let my spirit fly
I can soaring up in the sky
Nothing seems impossible for me to do
I owe it all to you
I won't enjoy the ride
Unless you are there by my side

You should know it's true, yeah
I only have eyes for you
You should know it's true
I only have eyes for you

I hope and pray that it will stay this way baby
Now for a lifetime 'cause you bring me so much joy
And makes me feel like a child
With a brand new toy

You should know it's true
I only have eyes for you, baby
You should know it's true
I only have eyes for you
You should know it's true, yeah
I only have eyes for you
