Tell me I'm the one, show me all your love
She cannot compare to the way I make you feel
Nights I spent alone, wondering what went wrong
All this time I'm trying to turn this into something real

I try to forgive you when I'm staring in your eyes
But it's hard to forget all the times you made me cry
And I don't know the man I thought I knew
And I hope that I can fall in love again

I keep wishing that you'll start convincing me
To try and trust again, part of me is missing you
How can I forget and surrender you my heart?
Broken promises, sometimes it seems that's all we are

I try to forgive you when I'm staring in your eyes
But it's hard to forget all the times you made me cry
And I don't know the man I thought I knew
And I hope that I can fall in love again

I think about the days we had and, boy it was just you and me
At times I wish I could go back to the first night
It's cold without you next to me, boy when you left I lost myself
And I now I need just to learn within me how to love again

I try to forgive you when I'm staring in your eyes
But it's hard to forget all the times you made me cry
And I don't know the man I thought I knew
And I hope that I can fall in love again

I try to forgive (When I'm staring in your eyes)
But it's hard to forget (All the times you made me cry)
And I don't know the man I thought I knew
And I hope that I can fall in love again, oh

Tell me I'm the one, show me all your love

She cannot compare to the way I make you feel
