Sinking sand, don't bring me down  
As I place my feet on solid ground  
I have fought  
For this place  
For months and months, my mind raced on  
And for days it rained, and the sun was gone  
I had fled  
My one true hope

But as time went on, I missed you, love  
I left you with my whole heart  
I'd rather stay alone a while if it's not you  
And it's not you

One year passed since the day I ran  
Had told myself there was no man's chance  
But today  
I take it all back  
'Cause the fear of missing out on you  
Beats the fear of all this being true  
So I'll make  
Up my mind

I'm in love  
I'm overwhelmed by  
How my heart feels  
When your eyes are a-gleamin'  
Makes it hard to be breathin'  
And I know as time flees  
We will both see  
As we go on, it was worth all the waiting  
To grow old with you

And I know you're scared,  
As so am I  
And I know it's cliché  
But you are what I was made to find
