Can't get you outta my head
Got you into my heart, I'm goin' crazy
Just to be with you
You always stay on my mind
Most all of the time
And I don't know what am I gonna do
When you're far away from me
Everything you mean to me
Becomes so clear, I can't wait to have you here
This could be the perfect place for me
If I could have you around to make it right
(Bridge)
I see your face in my daydreams
And through the night
I wake up missing you so much
That's why I just...
I can't wait to have you with me
To do all the things we do
To make you true and oh so special
I count every second I'm away
As a waste of time that I could spent with you
(Bridge)
