Be my heaven
Seep into my need
You are my
Phantom of deceit
Beg for silence
Take my bitter place
As I alone pursued inviolate
Lost in my own space

Neeping winter floats on my constraint
Freeze my fear if I may cry

Ride on my rain
Take me away from my pain
And ill drink a little bit from what i
See in you
And im not mistaken that I do love you

Be the seed of hindrance
Leave my bare embrace
Darken this watery fire
Anticipation in my face
Look at this place in the church
I will sing the crime of peace
You make this demon a saint
When your hold never ceases

Neeping winter floats on my constraint
Freeze my fear if I may cry

Ride on my rain
Take me away from my pain
And ill drink a little bit from what i
See in you
And im not mistaken that I do love you

Make my symphony
Rock my renaissance
Do whatever it takes for this habit of
Dreaming awake
Cause I love you

Ride on my rain
Take me away

Take me away...
