Tonight we're chasing victory
Watch while we're making history
How're you gonna see with your head under water
Leave all your troubles at the door
Or take them out here on the floor
How're you gonna feel with your head under water

Aren't we tired of falling down, falling down
Uninspired and falling down,
And falling down

I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before
I could be wrong
I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before

Can I say it just a 100 times more?

Let's pave the way with energy
Let's manifest our destiny
How're we gonna scream with our heads under water
Lose inhibition to the beat
Let's take this message to the streets
We can never dream with our heads under water

Aren't we tired of falling down, falling down
Uninspired and falling down,
And falling down

I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before
I could be wrong
I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before

Can I say it just a 100 times more?

I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before
I could be wrong
I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before

I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before
I could be wrong
I got a feeling that I've said this before
Yeah I said this before
Yeah I said this before
