It's decision time
You're telling me that you want to know
What it is to be a star
And there's no place for me
No place for me where you want to go
But I know you'll get real far

Remember when we used to race down to Strawberry
Lake
Our first kiss down by the dock, tell me how did it feel?
There's no right words for this kind of good bye

I watched you pack your bags
Take them to your car, then you locked the door
For the last time in your life
I never faced the world so alone but you had to go
Did you have to turn the knife?

Remember when we used to race down to Strawberry
Lake
Our first kiss down by the dock, tell me how did it feel?
There's no right words for this kind of good bye

Remember when we used to race down to Strawberry
Lake
Our first kiss down by the dock, tell me how did it feel?
There's no right words for this kind of good bye
Let's just dance and drink the night away

Don't know how you did it but you killed a little part of
me
(Let's just dance and drink the night away)

I saw you called up the phone, couldn't say hello
Scared to get burned by a star

Remember when we used to race down to Strawberry
Lake
Our first kiss down by the dock, tell me how did it feel?
There's no right words for this kind of good bye

Remember when we used to race down to Strawberry
Lake
Our first kiss down by the dock, tell me how did it feel?
There's no right words for this kind of good bye
Just dance and drink the night away

Don't know how you did it but you killed a little part of
me
(Let's just dance and drink the night away)
