You're the most annoying person I've ever met.
I can't get over you; it's driving me insane.
And all I want is to go back and be friends.
Things were easy then, I liked you better then,
I think I liked it better when...

I could call you up in the middle of the night,
And if you didn't answer I wouldn't really mind.
I could say whatever the hell was on my mind.
Now it's all a mess, cause we had to cross the line.

You're the kind of guy who turns a heart into dust
Just by holding it out in the sun too long.
And all I want is to go back being us.
Things were simple then, I was so crazy then,
I think I liked it better when...

I could call you up in the middle of the night,
And if you didn't answer I wouldn't really mind.
I could say whatever the hell was on my mind.
Now it's all a mess, cause we had to cross the line.

I miss drinking bottles of red wine,
I miss everything, right now I'm
Searching for a way to turn back time.
I'm such a mess, cause we had to cross the line.

Cross my heart and hope to die.
I can't look you in the eye.
I wish we could act like nothing happened.
How did things become so weird?
Why can't you come over here,
And pretend like nothing ever happened?
Cause I liked it when

I could call you up in the middle of the night,
And if you didn't answer I wouldn't really mind.
I could say whatever the hell was on my mind.
Now it's all a mess, cause we had to cross the line.

I miss drinking bottles of red wine,

I miss everything, right now I'm
Searching for a way to turn back time.
I'm such a mess, cause we had to cross the line.
I'm such a mess, cause we had to cross the line.
I'm such a mess, cause we had to cross the line.
