Maybe I could just choose to ignore this  
Let it fade like water through the sand  
Maybe I could just leave this behind me  
Some things you'll never understand  
Cause this is such a fine line  
A fine line to cross

And this is not a question  
whether you will or you won't  
You either have it or you don't

Our loves a stone throw away  
We get so near  
But we've still so far away  
Concealed behind all our floored disguises

We're even here at the turn of the tide  
Words escape  
Like ocean ray of lights  
They say you hear it before you see it coming  
But you got to see it to believe it with your eyes

Baby are we dreaming  
Through this sky free falling

I'll never stop lovin you  
Run to my rescue

I'll never stop lovin you  
Run to my rescue

Our love's a stone throw away  
We get so near  
But we're still so far away  
Concealed behind all our floored disguises

We're even here at the turn of the tide  
Words escape  
Like ocean ray of lights  
They say you hear it before you see it coming  
But you got to see it to believe it with your eyes

Baby are we dreaming  
Run to my Rescue
