I hope you find your way through it all,
Oh it's time to find you strength, should you fall
It's a chance you should take
So come on for your sake
But I know you'll find your way

Cause hope is a game that you play You know that there's a ways to go So I hope I wont feel a thing in time The music will overtake me

Oh oh

I hope you like your place on the shore It's a short walk from my place down the road If you want you can stay for as long as you please For I know you'll find your way

Cause hope is a game that you play You know that there's a ways to go So I hope I wont feel a thing in time The music will overtake me

Cause hope is a game that you play You know that there's a ways to go So I hope I wont feel a thing in time The music will overtake me

Oh oh,

The music will over take me, Oh oh The music will over take me, Oh oh The music will over take me,

## Ohhhhhhhh

I hope you find your way through it all Oh it's time to find your strength should you fall It's a chance you should take So come on for your sake But I know you'll find your way

Cause hope is a game that you play You know that there's a ways to go So I hope I wont feel a thing in time The music will overtake me

Cause hope is a game that you play You know that there's a ways to go So I hope I wont feel a thing in time The music will overtake me

Cause hope is a game that you play Oh oh The music will overtake me

Cause hope is a game that you play Oh oh
