Pin me to the wall, well I don't care anymore
You've got me on the ropes
No I'm not safe anymore

You take me all the way
I don't know, I'm bored
I'm crazy for you, baby

You treat me like a chick on her way to score
You'll never be my lady
You'll always leave me chasin'

It makes no difference to me
Well, if you find your jeans, well
You got what you had comin'

Oh so perfect in every way
That it hurts me to say
You got what you had comin'

You caught me lookin' on
So I don't stare anymore
You're tellin' me I'm wrong
You don't feel the way you did before

You take me all the way
I don't know, I'm bored
I'm crazy for you, baby

You're sleepin' all around in a dead beat town
You'll always be my lady
If only you would take me
It makes no difference to me
Well, if you find your jeans, well
You got what you had comin'

Oh so perfect in every way
That it hurts me to say
You got what you had comin'

What you got is
What you needed

What you got is
What you needed
Don't freak out when your mind trails

What you got is
What you needed
What you got is
What you needed

It makes no difference to me
Well, if you find your jeans, well
You got what you had comin'

Oh so perfect in every way
That it hurts me to say
You got what you had comin'

Makes no difference that you're gone
I'm glad that you're gone
