You take the words right off my tongue
And wage war with conversation
You take the words right off my
You're sitting down, legs crossed

I'm movin' down
Spreadin' your legs out
(Out)
I'm movin' down, movin' down
You're sweatin' now

Name anythin', I'll be yours
Strangers by day
Goes down to the sounds of
Electric strings

You breathe the air that's in my lungs
Take yours, no hesitation
You breathe the air that's in my
You're sittin' down, legs crossed

I'm movin' down
(Down, down, down, down)
Spreadin' your legs out
(Out, out, out)
Well, I'm movin' down, movin' down
You're sweatin' now

Name anythin', I'll be yours
Strangers by day
Goes down to the sounds of
Electric strings

Name anythin', I'll be yours
Strangers by day
Goes down to the sounds of
Electric strings

We're on fire

You take the words right off my tongue
(You take the words right off my tongue)

And you breathe the air that's in my lungs
(You're sittin' down, legs crossed, I'm movin' down)

You take the words right off my
You breathe the air that's in my
But inside and outside we are sweatin' now

Name anythin', I'll be yours
Strangers by day
Goes down to the sounds of
Electric strings

Name anythin', I'll be yours
Strangers by day
Goes down to the sounds of
Electric strings
