I - don't need your precious time,
Or promises we'll break
Just need a touch of love
I don't want you in my dreams
I'd rather stay awake
And feel a touch of love

No second guessing
No conversation
No ever after
No complication
I want you
I love you I leave you
The usual thing, the butterfly sting
No other motive
No expectation,
No disappointment
No obligation
You touch me
You love me, you leave me
Here I go again
I never mean to love you

If I could steal your heart
But its not there to take
It's just a touch of love

I - won't hold you to a word
You'd whisper for my sake
If there's a touch of love
You don't need to tell the truth
If every move you make
Becomes a touch of love

No future perfect
No accusation
No one to notice
Some desolation
You touch me
You love me, you leave me
Here I go again

I want you
I love you, I leave you
Here I go again

I never mean to love you

If I could steal your heart
But its not there to take
It's just a touch of love

I'll take a touch of love
