What are you doing to me?
Tell me the name of this feeling
I don't know what's come over me
But baby I just can't believe it
What you say
It doesn't feel that way

This can't be love that I'm feeling
This can't be love, it's too easy
I'm not holding my breath
I'm not hurting yet
It's nothing like what I've known before
And it can't be the same when it's so much more
Oh I'm not afraid and my heart isn't breaking enough
So this can't be love

Baby, don't say those words
That's not what I feel when I hold you
'Cos I've lived enough and I've learned
That love doesn't even come close to
What you do, what we've got
Oh I'm telling you

This can't be love that I'm feeling
This can't be love, it's much too easy
I'm not holding my breath
I'm not hurting yet
It's nothing like what I've known before
And it can't be the same when it's so much more
Oh I'm not afraid and my heart isn't breaking enough
So this can't be love

This can't be love
Cos love makes you cry
Love makes you feel like you're flying so high
But then you come down
Yeah you always come down
But I'm not coming down
Oh no!

This can't be love that I'm feeling

This can't be love, it's much too easy
I'm not holding my breath
I'm not hurting yet
It's nothing like what I've known before
And it can't be the same when it's so much more
I'm not afraid and my heart isn't breaking enough
No I'm not afraid and my heart isn't breaking enough
So this can't, this can't be love
This can't be love
