If you wanna see some action  
Gotta be the center of attraction  
Make sure that they got their eyes on you, like the face  
that you see on every magazine

Be the focus of attention  
Be the name that every one must mention  
Come out from the shadows, it's your time, cos tonight  
is the night for everyone to see

Its natural  
You know that this is where you gotta be, it must be  
your destiny  
Sensational  
And you believe that, this is what you waited for and it's  
you that they all adore, so baby

Now you feel like number one  
Shining bright for everyone  
Living out your fantasy, the  
Brightest star for all to see  
Now you feel like number one  
Shining bright for everyone  
Living out your fantasy, you're the  
Brightest star there's ever been

Feel the heat that's all around you  
Flashing lights and ecstasy surround you  
Everybody wants a piece of you; you're the queen of  
the scene, living in a dream

Its natural  
You know that this is where you gotta be, it must be  
your destiny  
Sensational  
And you believe that, this is what you waited for and it's  
you that they all adore

Now you feel like number one  
Shining bright for everyone  
Living out your fantasy, the

Brightest star for all to see

This is what you waited for and it's you that they all  
adore

Now you feel like number one  
Shining bright for everyone  
Living out your fantasy, the  
Brightest star for all to see  
Now you feel like number one  
Shining bright for everyone  
Living out your fantasy, you're the  
Brightest star there's ever been
