LYRICS

I've been workin' been workin' been workin ' been
workin' been workin' my whole life long, that's why i'm
ready to sing it, and sang it, im doin , im doin it in
these songs, I'm workin

Listen, now can you picture a boy with dreams bigger?
Seen it made it from wishin' I came fromm section 8
livin they livings. Cooking dope up in kitchens, always I
had a mission the kids in this music business, listen
this how I did this lets get it, They don't know what I'm
doin I get it I'm movin been workin' my whole life long
(I'm workin). And when I get it , I'm goin, I keep It , I
move it, I write it in all these songs, (I'm just workin).
I'm gon be remembered why,(why) cause hustle mode
is my life. Haters can't stop my shine , I was destined to
write these lines (yea). From crimes to spittin' rhymes,
neva a 9 to 5. I'm a dreamer with so much drive, to
chances I could've died.

(Together): And the truth is, I've been struggling my
whole life. Do you wanna know the truth is? I've been
hustling over time. Will they ever know the truth is? See
I told you this is my rhyme! They don't wanna know the
truth is,(Yung- Drizzle) the truth is, I'm workin.

I've been workin, been workin, been workin, been
workin, been workin my whole life long tthat's why I'm
ready to sing it, and sang it, I'm doin, I'm doin it in
these songs. (I'm workin). See this is my only mission,
so now when they ever mention, they braggin' tell'em I
did it (The Truth) came from nothing my spirit,
struggled to make a living, troubled my heart is
fearless in my term of endearment its fearless right
when you hear it.

They dont get it (naaw) when you've got it (nope) when
you know it (yea) they can't stop it (one hundred)
cause when you goin(yes) you finally get it(yes) they
gonna hate it but they neva gon forget it

My story is never ending, forgive me for all my sinning
like back in the beginning, when me and Datho was
banging, can't tell me my saga's finished, I'm doin it
for my....., my ryder's no longer with us, rest in peace
now watch me get it

(Together): And the truth is, I've been struggling my whole life. Do you wanna know the truth is? I've been hustling over time. Will they ever know the truth is? Joe I told you this is our time. They don't wanna know the truth is, (Yung-Drizzle) the truth is, I'm Workin I've been workin' been workin' been workin ' been workin' been workin' my whole life long, that's why i'm ready to sing it, and sang it, im doin , im doin it in these songs, I'm workin. (I'm Workin).
