'Cause of you  
I laid in my bed staring at you  
Watching when you [...] off  
Well, yeah I'll try  
To work things out  
To turn around  
But if you won't care  
Then I won't care  
And if you won't mind  
Then I won't mind  
I won't mind  
You're bugging me  
You're telling me it's time to go  
To our own  
Get a different point of view  
Well, yeah I'll try  
To work things out  
To turn around

But if you won't care  
Then I won't care  
And if you won't mind  
Then I won't mind  
I won't mind  
I never wanted more  
I never tried for more  
I just kept all I had and went along  
But if you won't care  
Then I won't care  
And if you won't mind  
Then I won't mind  
And if you won't care  
Then I won't care  
And if you won't mind  
Then I won't mind  
I won't mind  
I won't mind  
I won't mind at all
