You may not show it
I may not know it
But it's real as it can be
You need no season
I need no reason
When it's your heart singin'
This was meant to be

When you're both in love
Both in love...
Seein' eye to eye and feelin'
Heart to heart
Yes, we're both in love
Both in love
With each other from the start
Ev'rythin's magic
When we're together
In this wonderland for two
There's nothing like it
Won't try to hide it
Anyone can tell there's nothin' you can do

There's no need to worry
Which starts we're under
We've got all we need to know
We have the answer
Forever after
You're the one for me
And I'm the one for you
(Instrumental)
