I still have a photograph of you
I've keep it all these years
I guess it would make you laugh to know
It still brings back the tears

REFRAIN
From another place and time
When your love was mine

A picture of innocence, your eyes
They move me even now
If I had the confidence, I'd try
To bring you back somehow

REFRAIN
To another place and time
When your love was mine

CHORUS
Maybe I'm just a sentimental fool
Bringing back memories from a photograph of you

AD LIB
La la la la, la la la la la la, la la la la la la la la la
La la la la, la la la la la

REFRAIN
Back to another place and time
When your love was mine

[Repeat CHORUS]

CODA
I still have a photograph of you
I've kept it all these years
