Here I am
walking next to no one
somehow I feel
you're following me

I am here
sitting next to nothing
somehow I feel
you're next to me

oh! don't you ever leave me
oh! stay forever near me

I have lost everything completely
still I wake up in the morning thinking of you
still I wake up in the morning thinking of you

I have lost everything I ever had in mind
still you're around
still you're around
still you're around

I am thinking in this song
to shine alive of hope into my life
and we ever...

'Cause there will always be a special place
for me inside your heart
inside your heart

'Cause there will always be a special place
for me inside your heart
inside your heart

inside your heart...
