Everybody talking Change/ land of the free
but Its a Damn Shame/ no one doin a damn thang
where da A.K's Lets Jus Reign on they Parade/
They trynna make us fade/ lets go on a crusade/

Christopher Columbus ----- robbed all the natives/
Declared it his own/ then brought over slave ships/
history repeats/ this is kinda like the same shit
the Couple didnt like it/ tomorrow its the nation/

"Sikhs need get out"... forced assimilation/
we need to fight back/ for our temples salvation/
government racist/ This is discrimination/

Sikh Activist, we in affiliation
shaheed baba deep singh is my inspiration/
need come together for our generation
They already tried to knock out our popultion

the 50 stars, Blue star operations
they didnt think twice/ no hesitation
skip the starbucks, give that as a donation
before my holy temple comes to termination

Hook:
They Cant tear it down
Its the only one left standing in that town
they cant tear it down
they trynna bulldoze the shrine
We need ta fight back, its about time..
