Oh yeah

Oh oh oh yeah

Oh yeah yeah

Anything

I am anything

I'm the one that you're perceiving in your heart

Anything

I am anything If you think of me I'll be right where you are

Anything

I am anything

I'm the distance love can go that you don't do

Anything

I am anything

If you reach for me then I'll reach right for you

Anything

I am anything

I'm the darkness in the ocean the sea blue

Anything

I am anything
